Two Years of Genocide: Gaza and the Unraveling World Order

By: Leila Farsakh, Abdaljawad Omar, Tariq Kenney-Shawa · October, 2025

Two years on, the consequences of the Gaza genocide extend far beyond Palestine. Western complicity and inaction have exposed the true face of the so-called "rules-based" order. With the era of US hegemony potentially coming to a turbulent close, what will the future look like for Palestinians and for a world on the cusp of profound geopolitical and moral transformation?

In this policy lab, Leila Farsakh and Abdaljawad Omar join host Tariq Kenney-Shawa to trace the historical trajectory leading to October 7, examine how Gaza has become both a site of extermination and a catalyst for global rupture, and discuss what comes next for Palestinians.
