

Who We Are

Al-Shabaka is an independent, non-partisan, and non-profit think tank without borders that aims to:

- Draw upon the vast knowledge and experience of the Palestinian people, whether under occupation, in exile, or in Israel, so as to engage the broadest spectrum of perspectives in debate on policy and strategy.
- Communicate ideas and strategies on resolving the Palestinian-Israeli conflict to Palestinian communities as well as to policy communities and interested parties worldwide.

How We Work

Al-Shabaka provides a platform for diverse Palestinian viewpoints while upholding the principles of self-determination, freedom, justice, and equality. Our analysts work individually or in groups to produce well-documented briefs and commentaries that address strategic issues in key areas, including politics, economics, refugees, and civil society.

What We Do

- Produce and disseminate analysis to key audiences
- Advocate strategies for Palestinian rights to policymakers
- Work alongside partners and allies to shape discourse and policy in favor of Palestinian rights

We depend on people like you to continue our work.
